

*As I slowly emerge from the fog that's this pain...
I encounter...acknowledge...the many of you...
Who have...dependably...been there AGAIN...
Felt our need...and YOUR need...to come through!*

*I can't come up with words that fully convey...
How much Mindy and I feel in debt.
Know prayers of gratitude soar heaven's way...
For your kindness we'll not soon forget!*

God Bless You All...Thanks So Much!!!
